

FG90 TINY-FOGGER

The tiniest fog machine in the world.

FEATURES

- By LOOK - Solutions made in Germany
- Very small dimensions
- Heats only when fogging
- Cool enough to hold in your hand
- Continuous output - no reheat cycle
- Programmable fog burst duration
- Simple controls
- Programming and trigger with remote
- Optional wireless remote
- Carrying case
- Also available: Power supply for AC operation (FG95), Digital Timer Interface (FG94) and DMX Interface (FG93)

Designed for the world of special effects. A new fog machine that's small enough to fit in the palm of your hand. Microprocessor control and cordless operation combined with small size and weight make it ideal for props, puppets, costumes and displays. Using its own specially designed fog fluid, the TINY-FOGGER will bring new dimensions to your special effects.
