

Safety Data Sheet
29 CFR 1910.1200

Section 1: Company and Product Identification

Product Name: Low-Lying Fog Fluid
Product Code(s): LF04, LF04X
Company: Theatre Effects
1810 Airport Exchange Blvd.
Suite 400
Erlanger, KY 41018
800-791-7646
24 Hr Emergency: INFOTRAC, 1-800-535-5053
(outside USA +1-352-323-3500)

Section 2: Hazards Identification

Hazard Pictograms:

Signal Word: Not Applicable
Hazard Category: Non-classified
Hazard Statements: Not Applicable
Precautionary Not Applicable
Hazards not otherwise classified: None known / not applicable.

Section 3: Composition / Information on Ingredients

Hazardous substance (name)	Hazard Category	CAS#	Weight %
none	-	-	-

Section 4: First Aid Measures

General Info: Product hazards should be low under normal use. No specific measures.
Notable Exposure symptoms: None notable exposure symptoms.
If ingested: Rinse mouth. Drink plenty of water.
If inhaled: Remove to fresh air. Consult medical advice if any symptoms develop.
Eye contact: Rinse eyes with water. Consult medical advice if irritation develops and persists.
Skin contact: Rinse with water. Consult medical advise if irritation develops and persists.
Additional Info: No further information.

Section 5: Fire Fighting Measures

General Info: Product is sold in small quantities. No specific fire hazards.

Extinguishing Water spray or dry chemical. No specific measures.

Method /

Equipment:

Hazardous Constituents associated with burning / combustion are to be considered hazardous.

Decomposition Info:

Section 6: Accidental Release Measures

Personal precautions, protective equipment and procedures: No specific measures are necessary. Utilize any PPE discussed in Section 8.

Containment Equipment and Procedures: Material can be stored in the original receptacle or secondary receptacle. Spilled or released material can be wiped up or absorbed with media.

Cleanup Procedures: No specific measures. Material can be cleaned up with soap, water and rags.

Section 7: Handling and Storage

Safe Handling Precautions: No specific measures. Product is non-hazardous and is unreactive.

Recommendations for Storage: Store in product package until usage is warranted. Store in a cool, dry place away from heat or sunlight.

Incompatibilities: Store away from strong acids or oxidizing agents. Refer to Section 10.

Section 8: Exposure Control / Personal Protection

General / Engineering Controls: No specific recommendations. Running water / eyewash may be necessary in the event material needs to be washed from eyes / skin.

Controls:

Work Clothing: No specific protective clothing needed.

Eye/face protection: None needed for product as received. Direct eye contact may cause irritation - utilize safety glasses if necessary.

Skin Protection: None needed for product as received.

Respiratory Protection: Not required under normal usage. Control nuisance airborne particulate in accordance with exposure limits. Known substances with exposure limits: triethanolamine: 5 mg/m³ (ACGIH TLV)

Additional Information: Observe good chemical hygiene practices.

Section 9: Physical and Chemical Properties

State: Liquid	Melting Point: Not avail	Freezing Point: Not avail
Color: Colorless	Boiling Point/Range: >200C	pH: Not avail
Sp Grav: Not avail	Odor: Odorless	Water Solubility: Completely miscible
Evaporation rate: Not avail	Flash Point: >100C	Part. Coeff (n-oct/water): Not avail
Upper Flam Limits: Not applicable	Lower Flam Limits: Not applicable	Vapor Pressure: <0.1 mmHg @ 20C
VOC Content (lbs/gal): Not avail	Viscosity: 1.07 p @ 20C	Autoignition Temp: Not applicable

Section 10: Stability and Reactivity

General: Product is stable under normal conditions. May reacts with oxidizing agents / flame.

Incompatible materials: Strong oxidizing agents, strong acids.

Decomposition products: No decomposition products known. Constituents associated with burning may be harmful.

Section 11: Toxicological Information

General Information: Product is a non-hazardous liquid composed of ingredients with low levels of toxicity.

Toxicological Information (product): Although not tested, the product is expected to have a low level of acute toxicity (LD50 Oral >5000 mg/kg)

Likely Routes of Exposure: Dermal - eye/skin

Carcinogenicity or mutagenicity: Product is not a carcinogen or mutagen.

Sensitization: Product is not expected to be a sensitizer.

Other Notes: No further information.

Section 12: Ecological Information

General information: Product not tested. Not expected to pose an environmental hazard.

Aquatic toxicity: Not expected to have any aquatic toxicity characteristics.

Degradation / Mobility info: No specific data available.

Bioaccumulative potential: No specific data available.

Section 13: Disposal Information

Product disposal: Dispose of product in accordance with local, regional, and national regulations. Product is to be considered a flammable solid / ignitable waste.

Container disposal: No further information.

Section 14: Transport Information

DOT: Not classified for transport.

Comments: No further information.

Section 15: Regulatory Information

TSCA: All components listed on the TSCA 8(b) inventory.

CERCLA RQ: Not applicable.

SARA 311/312: No SARA hazards.

SARA 313 Not applicable.

California Prop 65 No known substances at or above reporting levels.

Substances:

Section 16: Other Information

HMIS Rating: H:0, F:1, R:0

SDS Author: CCS, LLC

Version Date 10/14/2015

The provider of this SDS urges the buyer or user to study it carefully and consult with appropriate expertise, as necessary to become aware of and understand the data contained herein. This information is provided in good faith and is believed to be accurate as of the effective date, or version date shown. However, no warranty, express or implied, is given. Regulatory requirements are subject to change and may differ between various locations. It is the buyer or user's responsibility to ensure that its activities comply with all federal, state, provincial or local laws. The information presented here pertains only to the product as shipped. It is the buyer's/user's duty to determine the conditions necessary for the safe use of this product. Information regarding the exact chemical identity or concentration of certain substances may be reserved as a trade secret as per 29 CFR 1910.1200(i).
